

Clinical Reasoning

“There are some patients that we cannot help; there are none whom we cannot harm.”

Arthur L Bloomfield, 1888-1962

When

Friday 24 November 2017

8.00 - 6.00

Where

Veterinary Science Conference Centre (VSCC)
Regimental Drive, The University of Sydney

Enquiries

Centre for Veterinary Education (CVE)

Speakers

Anne Fawcett BA (Hons) BSc (Vet)(Hons) BVSc (Hons)
MVetStud GradCertEdStud MANZCVS Dipl. ECAWBM

Sanaa Zaki BVSc (Hons) MACVSc GradCertEdStud
(Higher Edu)

Anthony Bennett BVSc (Hons I)

James Carroll BVSc (Hons I)

Michael Reynolds BVM&S DCHP MRCVS

Annette Katelaris MBBS MPH FRACGP

John Baguley BVSc MBA PhD GradCertEdStud (Higher
Education) MANZCVS

Stephen Yeomans BSc(Vet) BVSc MVSc MANZCVS
DACVP (Anatomic & Clinical)

Clinical reasoning can have a positive impact on clinical outcomes – but flawed clinical reasoning can lead to errors, with potentially dire consequences.

The 2017 Partners in Veterinary Education Conference program will explore the themes of clinical reasoning, error management and error disclosure in veterinary practice. Our speakers and panellists will share their experiences and perspectives across a range of disciplines, from the medical field, pathology, production, mixed and companion animal practice.

The conference will be an informative, thought provoking day. You will have the opportunity to meet our recent graduates (and perhaps catch up with interns you've played a role in training) at the Cocktail Party. Please mark the date in your diary. There is no cost to our Partners in Veterinary Education to attend this conference, it is a way of us thanking

Course program

Morning Session

Friday 24 November 2017

Time	Topic	Speaker	Location
8.00 - 8.30	Registration		Pfizer Foyer
8.30 - 9.00	Welcome	Sanaa Zaki, Anne Fawcett	Webster Theatre
9.00 - 10.00	Topic	Village Vets: (Anthony Bennett, James Carroll)	Webster Theatre
10.00 - 10.30	Topic	Michael Reynolds	Webster Theatre
10.30 - 11.00	Morning Tea		Pfizer Foyer

Joint Session

Time	Topic	Speaker	Location
11.00 - 11.45	Keynote		Webster Theatre
11.45 - 12.30	Panel Discussion	Annette Katelaris, Village Vets: (Anthony Bennett, James Carroll), John Baguley, Mara Hickey	Webster Theatre
12.30 - 1.30	Lunch		Pfizer Foyer

PIVE Session

Time	Topic	Speaker	Location
1.30 - 2.30	Snap judgments, thin slicing, and pattern recognition – the risks and benefits of medical decision making in the emergency department	Mara Hickey	Webster Theatre
2.30 - 3.30	Let's do bloods! A pathologist's perspective on clinical reasoning	Stephen Yeomans	Webster Theatre
3.30 - 4.00	Afternoon Tea		Pfizer Foyer
4.00 - 4.45	Topic		Webster Theatre
4.45 - 5.00	Conclusion	Sanaa Zaki, Anne Fawcett	Webster Theatre
5.00 - 6.00	Cocktail Function		Pfizer Foyer

Registration

This Conference is free of charge to University of Sydney's School of Veterinary Science Partner's in Veterinary Education (PIVE). To register, visit: cve.edu.au/pive-conference or call (02) 9351 7979.

Anne Fawcett

BA (Hons) BSc (Vet)(Hons) BVSc (Hons) MVetStud GradCertEdStud MANZCVS Dipl. ECAWBM

Anne Fawcett is a lecturer in veterinary professional practice in the Faculty of Veterinary Science. Anne has teaching experience as a lecturer and unit of study coordinator. She developed a new ethics course within professional practice and has lectured on veterinary ethics at both the University of Sydney and the University of Queensland.

Sanaa Zaki

BVSc (Hons) MACVSc GradCertEdStud (Higher Edu)

Sanaa Zaki graduated from the University of Sydney in 1992. She became a Member (by examination) of the Australian College of Veterinary Scientists, Anaesthesia and Critical Care Chapter in 1997 and completed the Graduate Certificate in Educational Studies (Higher Education) at the University of Sydney in 2005. Since 1995 she has been teaching, conducting clinical research and providing clinical service within the Faculty of Veterinary Science at the University of Sydney and as Senior Lecturer in Veterinary Anaesthesia she teaches final year students clinical anaesthesia.. Recently, her passion for teaching has expanded to include curriculum development and teaching in the area of Professional Practice in the new DVM program She is currently completing a PhD looking at 'Understanding the Pain of Osteoarthritis'.

Anthony Bennett

BVSc (Hons I)

Anthony Bennett is a veterinarian and the star of Village Vets Australia on The LifeStyle Channel. Anthony graduated from Sydney University in 2004 with first class honours. His first job was at the Berry Vet Clinic, working for Geoff Scarlett and Geoff Manning, which enabled him to live on the family farm in Nowra. Anthony gravitated towards the dairy cattle and small animal medicine and surgery aspects of the clinic. In 2005 Anthony sat and passed The Australian Cattle Association pregnancy testing exam. Soon after he became accredited with Animal Health Australia to manage cattle, sheep, goat and alpaca herds in their respective Johnes market assurance programs. Anthony is registered to manage sheep herds for ovine Brucellosis and is also an AQIS accredited vet for live animal export.

Taking a share in the practice in 2008 with now-retired veterinarian Dr Geoff Manning, he today co-owns and operates the practice with his best friend James Carroll. They opened a third practice, All Creatures Clinic, in the coastal area of Shoalhaven Heads last year. Currently President of the Shoalhaven branch of the Australian Veterinary society and honorary vet at the Berry Show, Anthony is also on the Dairy Panel for the Royal Easter Show. Anthony is engaged to successful equestrian showjumper, Sidney Roberts.

James Carroll

BVSc (Hons I)

James Carroll is a Veterinarian and the star of Village Vets Australia on The LifeStyle Channel. Born in Queensland, James grew up between his family's farm in Bundarra in Northern NSW, Sydney and Brisbane. James graduated from Sydney University in 2004 with first class honours, and first worked in mixed practice in Northern NSW in Barraba and Manilla, gaining experience across all aspects of mixed practice. In 2007 James travelled to work in the UK where he worked until 2010. James worked in Northern Wales, Cambridgeshire and Kent in mixed practice and in a 24 hour Emergency Centre.

Following extensive travels in a campervan around Europe for several months, James returned to Australia with his wife, Ronnie, in 2010. James initially worked at Ku-Ring-Gai Vet Hospital in Sydney before moving to Berry in 2012. James completed his AACV pregnancy testing exam in cattle in 2005 and the head vet course for vetting Endurance rides the same year. James is currently enrolled in a Masters degree in Small Animal Practice through Murdoch University. James has a special interest in small animal medicine, ultrasound of both small and large animals and in Bull fertility.

Michael Reynolds

BVM&S DCHP MRCVS

Mike Reynolds qualified from the University of Edinburgh in 2003 and after three years in mixed practice, has since worked exclusively in production animal medicine. He gained the Royal College of Veterinary Surgeons Certificate in Cattle Health and Production in 2011, the Royal College of Veterinary Surgeons Diploma in Cattle Health and Production in 2015 and is an RCVS recognised Advanced Practitioner in Cattle Health and Production. He has published and presented work on Cattle Health and Production in the UK and on the international stage with his main interests in the epidemiology and control of infectious disease, clinical governance and Advanced Reproductive technologies.

Annette Katelaris

MBBS MPH FRACGP

Annette Katelaris is an Associate Professor and the founding Director of Professional Medical Education at Sydney Medical School. Her group have developed 6 postgraduate Master programs which they deliver to young health professionals. Formally, Annette was Editor of the Medical Journal of Australia and contributed to the establishment of the Australian Clinical Trials Alliance. Annette was a practising general practitioner for more than 20 years and is the co-developer of Juno Childsafe, a novel child safety device for the storage of medications.

John Baguley

BVSc MBA PhD GradCertEdStud (Higher Education) MANZCVS

John graduated from The University of Sydney and worked mostly in small animal practice for over 10 years. While in practice he completed his College membership in pharmacology and an MBA from Macquarie University. John joined the University of Sydney Faculty of Veterinary Science in 2003 where he coordinated the Professional Practice Program and the final year Veterinary Student Internship Program. John has a PhD in veterinary practice marketing and a Graduate Certificate in Educational Studies (Higher Education). His research interests include veterinary practice management and education. He is currently Registrar of the Veterinary Practitioners Board of NSW and an Adjunct Senior Lecturer at the University of Sydney.

Stephen Yeomans

BSc(Vet) BVSc MVSc MANZCVS DACVP (Anatomic & Clinical)

Stephen is dual-certified by the American College of Veterinary Pathologists in both anatomic and clinical pathology. He has 18 years experience working in veterinary diagnostic laboratories, including a year on faculty at the University of Tennessee. Stephen has been head subject examiner and chair of the examination committee for the Pathobiology Chapter of the ANZCVS. He serves the AVA as co-ordinator of the small animal stream at AVA national conference as well as sitting on the NSW division committee and the ASAVA executive committee. In the laboratory Stephen consults on all aspects of veterinary pathology including histology, cytology, haematology and biochemistry.
